MEMORANDUM FOR: Mr. Charles E. Waterman  
National Intelligence Officer for NESa

FROM: Director of Central Intelligence

SUBJECT: Pertinent Comments of Key Staff Aides to Senators Percy  
and Baker

1. The warning broadcast on the Israeli radio station, together with Begin's "retrenchment" on his statement to Senator Percy, as you noted in writing me on March 1st, suggests that perhaps we should gather an up-to-date segment on the state of play, motivations and threat in Lebanon, and also on the Soviet and U.S. relationships with Iraq and Iran in the event that the war there is terminated. We have a current report that this may happen by the end of this month. We should also look at the impact of this on Syria and the Israeli-Lebanon situation.

2. I suggest that you might work on this with [ ] who will be working with [ ] on warning and is quite good at this kind of speculative projection.
